

General info

Platform composed by 35 organizations and companies related to the Nicaraguan coffee industry,

Founded in 2017, with support of Rikolto; UTZ / Rainforest Alliance and the National Alliance of Coffee Producers (ANCC) the objective of this platform is:

Promote the competitiveness and sustainable development of the Nicaraguan coffee sector based on a common vision.

Key Results in 2018

Alignment and synergy achieved between the different organizations of the coffee sector investing time and resources to operationalize this initiative.

Good representation of stakeholders for advocacy done as a sector towards the government and other international organizations

Two studies on the sector carried out, one technical and one legal which have yielded important data to design the overall strategy plan of Nicafes

Nicaragua

Structure

Engagement Opportunities

Let's find a way to support our producers.
All actors in the value chain have a responsibility

Please join us to develop projects that **strengthen the sector in an integral and sustainable way**

Platforms should be inclusive to all coffee stakeholders. **Let's increase impacts through collaboration and optimization of our resources.**

Outlook for 2019

Make sure the **Platform initiative becomes auto-sustainable**

Governance and representation:
Including more stakeholders to the platform work

Management and Advocacy:
Developing and implementing concrete sustainability programs and projects with impact to the entire sector

Competitiveness:
Strengthen the export capacity of the coffee sector
