

About the platform

Name: Uganda Coffee Platform (UCP)

Established: 2006

Platform Members: 180

Governance: National Steering Committee

Uganda: GCP Collective Action Plan

The Problem

- Coffee yields one-third or one-fourth of their potential
- Old trees
- Climate change

Our Solution

- ✓ Enhance knowledge & service delivery
- ✓ Build climate- resilient farms

Our Goal

Reduce the Living Income Gap of 125,000 smallholder coffee farmers in Uganda by 15% by 2030

Strategies

1

Improve third party service delivery to farmers

2

Deliver R&R and climate resiliency services to farmers via Youth Business Units

3

Support the enabling environment for sustainable coffee: strengthen the capacity of the Country Platform

Contribution to
GCP 2030 Goal

12.5%

of the one million
coffee farmers

Uganda

Phase 1 Milestones 2024 -2026
